

CATSKILL VIEW

WEDDINGS & EVENTS

CATSKILL VIEW WEDDINGS & EVENTS is one of the more unique and special wedding and event venues that you will find – and if you want your breath taken away, the view from the Hill is incomparable! The view of the sun setting behind the Catskill Mountains is not just mesmerizing, but it is one of the region’s only unobstructed views of the Catskill Mountain range.

Catskill View Weddings & Events at Thor Icelandics, LLC. is situated in the heart of bucolic Columbia County in the ravishing Hudson Valley. The farm is located in Claverack, New York – two hours north of New York City, three hours west of Boston, half an hour south of Albany, and ten minutes from the city of Hudson. We are proud to call the Hudson Valley our home and our farm boasts some of the most beautiful Hudson Valley views.

The farm is a working Icelandic horse farm and is home to over 50 Icelandic horses. It is the only Icelandic horse farm that doubles as a wedding and event venue in North America. But whether you’re “into” horses or not, the farm is a beautiful location and backdrop for your perfect day. Whether you want a rustic country wedding, or a chic New York City wedding in the country with amazing views – or something in between – it can all be created to your details’ desire at Catskill View Weddings & Events!

The Hill

Once you drive through the gates of the Thor Icelandics farm, you will pass the beautiful barnyard and numerous fields dotted with Icelandic horses, the road will then wind and start climbing upwards towards the Hill. Once you crest the Hill, there is no question that you have arrived!

Before you is one of the most beautiful Hudson Valley views of the entire Catskill Mountain range. The Hill boasts a magnificent and an almost unmatched view that is unspoiled and unobstructed so that you have a complete 360° view of the Hudson Valley. When the sun sets behind the Catskill Mountains, it is like no other.

The Hill can easily accommodate a large tent and parking for over 300 people. It works as a blank canvas so that you can custom design your special day to your every details' desire – just at a beautiful location with a view that will take your guests' breath away!

The Upper Track

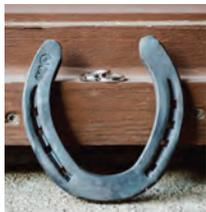

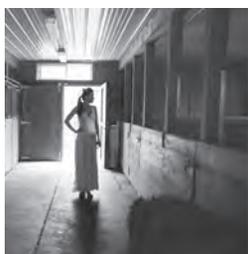

The Upper Track is located just below the Hill. It is popular to conduct the ceremony on the Upper Track and then the reception on the Hill (at sunset). The Upper Track is very protected in the heart of the farm where you are hidden in complete privacy, creating a very magical feeling. The only thing you'll see, besides nature, are horses through the woods off in a field in the distance. Due to the design and layout of the Upper Track, the acoustics are amazing, music and joy echo throughout the air. The track's size, shape, and orientation easily accommodate up to 300 people with available parking to the track's sides and above on the Hill.

The Lower Track

The Lower Track is located close the farm's entrance and barnyard area. The Lower Track is situated in between multiple horse fields, so this location is ideal for the horse lovers. The Lower Track is the same size and orientation as the Upper Track and so it easily accommodates a large tent and up to 300 people. From this track you will see fields dotted with horses and their sheds, as well as the large and beautiful main barn off in the near distance.
